

The Investment Specialists

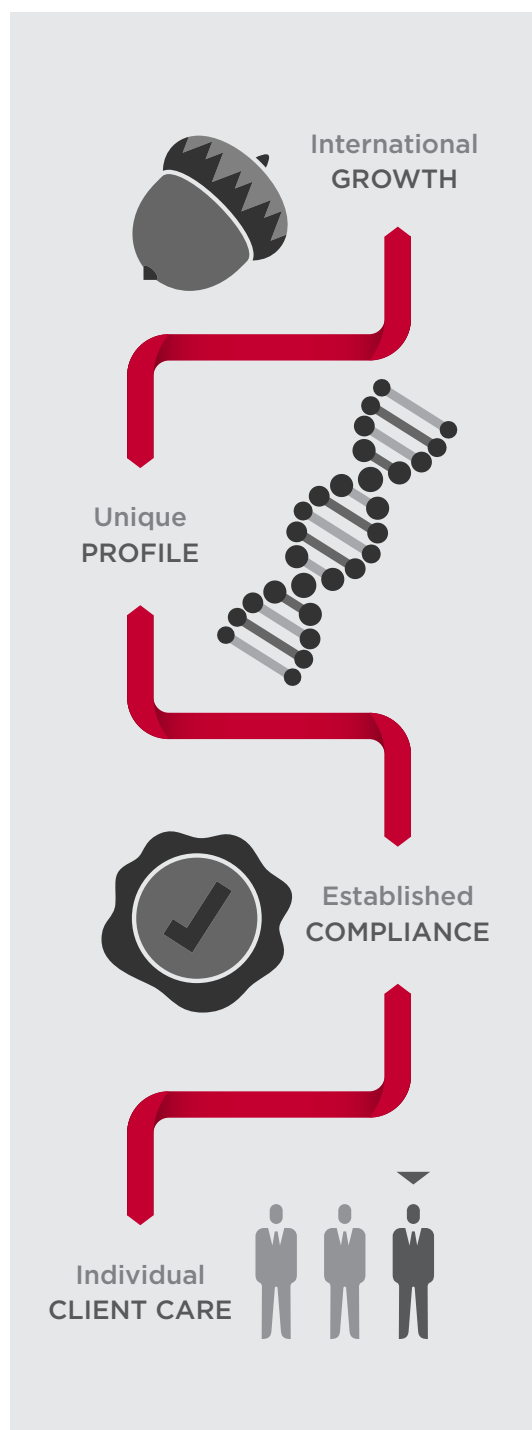

International diversification, performance, compliance and service excellence.

INVEST | FUNDS | OFFSHORE | TRUST

Warwick Offshore is a conduit to the world's finest asset managers, funds and products, including Warwick Wealths own offshore fund suite. International and local compliance ensures that all Warwick Wealth clients have total peace of mind.

The world of international fund and asset management, together with other global financial products, can be confusing and complicated at the best of times. Consequently, Warwick Offshore offers clear, simple and insightful advice.

Warwick Offshore processes also ensure that all Warwick Wealth clients hold only blue chip stocks and or funds. The Warwick Wealth offshore funds are created to meet the needs of all discerning investors with a need for international diversity, aligned with client service and care. In addition, should any client require an international bank account, trust, Will, or any other service, these needs are facilitated efficiently.

As a South African, you can access Warwick funds directly, or via your broker. Warwick Offshore can also assist you with tax clearances and the FOREX transactions required to move funds, should you wish to use your offshore allowance.
